Little Learners

Christian Preschool & Childcare

"Where every day is a BIG adventure in learning"

Goals and Objectives

➢ The **Terrific Two's and Early Three's Program** is designed as an introduction into the school setting. The two main focuses of this class are to create a love for learning and to encourage age-appropriate social skills.

➢ The **Preschool Program (for ages 3 and 4)** is designed to be a solid foundation in academics, as well as social skills, to prepare students for the academic structure in the Academy Program.

Language and Writing Skills (brief summary)
- Recognition of each letter and letter sound in the alphabet
- Practice writing the correct formation of each letter
- Correct printing of first name
- Ability to hold a pencil and scissors correctly

Math Skills (brief summary)
- Recognizing and writing the symbols for numbers 0 – 20
- Counting, sorting, and matching grouped items
- Recognition of shapes and colors
- Beginning math

➢ The **Academy Program** is designed to prepare each student to successfully integrate into kindergarten the following school year. This class runs from 8:45-11:45 a.m.

Language and Writing Skills (brief summary)
- Correct formation of each letter in the alphabet, both upper and lower case
- Sounding of blends and short vowel words as an emergent reader
- Recognition of environmental words and sight words
- Correct printing of first and last name

Math Skills (brief summary)
- Recognizing and writing the symbols for numbers 0 – 100
- Counting, sorting, and classifying grouped items
- Recognition of geometric shapes
- Basic math equations of addition and subtraction

➢ **The Advanced Academy program is a 6-hour program offered** for students who will be entering kindergarten the following year and want a more in-depth academic experience. More time is spent on the skills listed above, in addition to a more comprehensive program in the areas of language arts, such as independent writing and bookmaking, and math skills, such as currency and time. **This program runs from 8:45-2:45 p.m**.
